PROFESSIONAL EXPERIENCE

Cyborg Mobile x Microsoft | New Technologist Intern | Redmond, WA

Jun 2023 – Aug 2023

- Chosen as one of 50 individuals from a pool of over 2,000 applicants.
- 7-week paid innovation academy receiving hands-on training from senior staff at Microsoft and real-world experience in web development learning about react, bootstrap, database, and APIs.
- Contributed to the complete product management cycle for an ongoing project, involving design thinking, ideation, usability testing, prototyping, user research and specs.
- Collaborated effectively within a team of five members, collectively driving the product development process through each phase of the product lifecycle.
- Currently entering the engineering phase of the project.

PROJECTS

ColorStack at PUPR Website | HTML, CSS, JavaScript

March 2023 – April 2023

- Designed and developed an intuitive and user-friendly interface hosted in GitHub, resulting in enhanced user experience while implementing a login section exclusive to the 14 members.
- Collaborated with founder to gather feedback and incorporate suggestions, resulting in a pleasing design that effectively communicates ColorStack's mission and values.
- Employed media queries to ensure the website is responsive on all devices, from desktops to mobile phones.

LEADERSHIP AND PROFESSIONAL DEVELOPMENT

ColorStack at PUPR | Co-Founder & Treasurer

March 2023 – Current

- Co-founded the ColorStack chapter at Polytechnic University of Puerto Rico with the goal of creating a community and help Black & Latinx Computer Science Students to complete their degrees and gain rewarding technical careers.
- Attended monthly workshops featuring guest speakers from top companies, gaining valuable insights to enhance professional skills and stay up to date with industry trends.

Management Leadership for Tomorrow | Career Prep Fellow

Feb 2023 – Current

- Accepted into a selective 18-month professional development program for high-achieving diverse talent.
- Complete business case studies and assignments to hone analytical, quantitative, and technical skills.
- Attended conferences hosted by industry leaders, such as TikTok, LinkedIn, Starbucks, and Netflix.

CodePath | Student

Feb 2023 – Jun 2023

- Completed a 10-weeks Intro to Web Development course that's part design, part coding, where acquired valuable experience exploring the layout, functionality, and interactivity of websites building a fast and responsive activism-focused website with a personalized user experience using HTML, CSS, JavaScript, Flexbox and Animation.

RIOT Robotics | Member & Upcoming Undergraduate Research Assistant

Apr 2022 – Current

- Participated in a Python Bootcamp and Arduino Workshop of 8 hours learning syntax and concepts like functions, loops, dictionaries, lists, and circuits.
- Recently accepted to join the newly formed RIOT research group with focus on researching Machine Learning and AI.
