EDUCATION

Polytechnic University of Puerto Rico | San Juan, PR

Bachelor of Science in Computer Science

Relevant Coursework: Computer Programming I and II (C++), Calculus I

Expected Graduation: May 2025

Cumulative GPA: 3.12

SKILLS

Technical: Intermediate – HTML, CSS, C++; Beginner - JavaScript, Python, SQL; Git, Bootstrap, React, NodeJS

Software: GitHub, Visual Studio, VS Code, Figma

PROFESSIONAL EXPERIENCE

Cyborg Mobile x Microsoft | New Technologist Intern | Redmond, WA

Jun 2023 – Aug 2023

- Selected as one of the top 2.5% of applicants from a pool of over 2,500 candidates for a 7-week paid innovation academy, gaining hands-on training in web development with React, Bootstrap, Firebase, and APIs.
- Worked on a simulation prototype to broaden perspectives of young adults from careers in the US military, involving decision-making scenarios and consequential outcomes, to help them make informed decisions.
- Collaborated effectively within a cross-functional team of 5 members, contributing to the entire product life cycle from ideation to engineering implementation in a tight timeline of 4 weeks for project management and 2 weeks for engineering, involving design thinking, usability testing, prototyping, user research and specs.
- Developed and implemented the front-end of the simulation using React, Bootstrap, and state hooks, resulting in a responsive and engaging user interface.
- Presented the simulation app to Microsoft executives, showcasing the team's accomplishments and receiving positive feedback on the project.

PROJECTS

ColorStack at PUPR Website | HTML, CSS, JavaScript

March 2023 – April 2023

- Designed and developed an intuitive and user-friendly interface hosted in GitHub, resulting in enhanced user experience while implementing a login section exclusive to the 14 members.
- Collaborated with founder to gather feedback and incorporate suggestions, resulting in a pleasing design that effectively communicates ColorStack's mission and values.
- Employed media queries to ensure the website is responsive on all devices, from desktops to mobile phones.

LEADERSHIP AND PROFESSIONAL DEVELOPMENT

ColorStack at PUPR | Co-Founder & Treasurer

March 2023 – Current

- Co-founded the ColorStack chapter at Polytechnic University of Puerto Rico with the goal of creating a community and help Black & Latinx Computer Science Students to complete their degrees and gain rewarding technical careers, recruiting 15 members, and growing.
- Attended monthly workshops featuring guest speakers from top companies, gaining valuable insights to enhance professional skills and stay up to date with industry trends.

Management Leadership for Tomorrow | Career Prep Fellow

Feb 2023 – Current

- Accepted into a selective 18-month professional development program for high-achieving diverse talent.
- Complete business case studies and assignments to hone analytical, quantitative, and technical skills.
- Attended conferences hosted by industry leaders, such as TikTok, LinkedIn, Starbucks, and Netflix.

CodePath | Student

Feb 2023 – Jun 2023

- Completed a 10-weeks Intro to Web Development course that's part design, part coding, where acquired valuable experience exploring the layout, functionality, and interactivity of websites building a fast and responsive activism-focused website with a personalized user experience using HTML, CSS, JavaScript, Flexbox and Animation.

RIOT Robotics | Member

Apr 2022 – Current

- Participated in a Python Bootcamp and Arduino Workshop of 8 hours learning syntax and concepts like functions, loops, dictionaries, lists, and circuits.
